To Our Unitholders

Message

We appreciate your continued support and guidance of Star Asia Investment Corporation (SAR) and the asset management company Star Asia Investment Management Co., Ltd.

With the asset manager, SAR has continued to implement initiatives to maximize unitholder returns (active management) since its listing in April 2016. During the fiscal period under review (fiscal period ended January 2024), SAR conducted a public offering in August 2023, the third consecutive year it has done so, and acquired 11 properties (the total acquisition price was 49.1 billion yen). This is the third public offering since the medium-term management plan was formulated in March 2021 and the sixth one since SAR became listed. SAR's asset size was 243.8 billion yen (71 properties, one preferred equity security, and two mezzanine loan investments) at the end of the fiscal period under review following acquisitions. SAR aims to steadily expand to achieve an asset size of 300 billion yen by 2026, the target in the medium-term management plan.

Seven hotels (45.4 billion yen) are 92% of the assets acquired at the beginning of the fiscal period under review. It is expected that they will achieve internal growth. All seven hotels are leased and operated by a company under the umbrella of Polaris Holdings Co., Ltd., which is a part of the Star Asia Group. Even during the COVID-19 pandemic, the company expanded its business in cooperation with the Star Asia Group and utilized economies of scale to increase sales and cost efficiency.

All seven newly acquired hotels have the same rent structure. SAR can collect 85% of the GOP of each hotel as rent (Note). It can thus directly benefit from any improvement of hotel operations resulting from an increase in accommodation demand. Rental income from the seven hotels has far exceeded initial expectations. It is believed that the acquired properties will contribute to internal growth.

(Note) At each of the seven newly acquired properties, a certain fixed rent has been agreed on. If 85% of their GOP exceeds this fixed rent, SAR will receive the surplus.

SAR aims to acquire properties that have the potential to contribute to internal growth and make mezzanine loan investments whose distributions are expected to increase in order to maximize returns for unitholders. SAR will strive to increase earnings growth and stability and promote external growth to accomplish the medium-term management plan.

SAR continues to implement initiatives related to ESG practices to achieve the SDGs. Regarding environmental initiatives (E), SAR invested a total of 432 million yen in various initiatives in the fiscal period under review. These

initiatives included the installation of LED lighting, renovation work to improve the efficiency of air conditioning equipment and heat transfer power and to save energy, and the conservation of greenery in accordance with the needs of each property. SAR achieved three stars and a green star in the GRESB Real Estate Assessment for the third consecutive year in fiscal 2023 as part of ESG initiatives. In addition, SAR received the highest Level A rating of the GRESB Public Disclosure Assessment that measures the adequacy of ESG information disclosure, as a result of high marks that its efforts for ESG information disclosure earned. These assessments are no more than indicators of the implementation of ESG initiatives, and earning high marks in itself is not our goal. It is more important that we implement initiatives to create a better environment (E), a better society (S), and better governance (G), while receiving high marks, and that we fulfill our responsibilities as an investment corporation of a public nature.

As a result of management pursuing the maximization of unitholder returns, the increase of the profitability of its properties and the reduction of costs, for the 16th Fiscal Period (ended January, 2024), SAR posted operating revenue of 7,964 million yen, ordinary income of 3,528 million yen, net income of 3,527 million yen and cash distributions per unit of 1,524 yen. This is our report of our performance results in the 16th Fiscal Period. We express our deep gratitude to our unitholders for their support and understanding. We thank all our unitholders for their continued support and guidance moving forward.

Toward achieving medium-term management plan

In March 2021, as a medium-term management plan, SAR set a goal to achieve an asset size of 300 billion yen and increase cash distributions per unit to 1,600 yen or more by 2026. Regarding the expansion of asset size (external growth), SAR executed a public offering in August 2023, and incorporated 11 properties (total acquisition price: 49.1 billion yen) into its portfolio. The asset size is 243.8 billion yen as of the end of the fiscal period under review, and we believe that the increase is significant progress towards the achievement of the medium-term management plan (the external growth target). At about the same time as the public offering, SAR acquired preferential negotiation rights for 12 hotels with the latest appraisal value being 58.1 billion yen from the sponsor group to raise funds for external growth. SAR also has preferential negotiation rights for two residential properties exclusively for students whose profitability is expected to increase. Going forward, SAR aims to continue its external growth by taking full advantage of the asset manager's unique network and opportunities to acquire properties from the Star Asia Group, with a focus on properties for which preferential negotiation rights have been acquired.

In terms of the growth of cash distributions per unit (internal growth), it is essential to execute management and operation aimed at increasing profitability of each property included in the portfolio and reducing costs. Additionally, SAR is implementing initiatives to achieve internal growth. Specifically, SAR extended Funabashi Hi-Tech Park Factory I, a logistics facility with unused floor area, at the request of the tenants. The extension was completed in December 2023, and the property will contribute to internal growth from the fiscal period ending July 2024. At Suroy Mall Chikushino, a suburban retail facility, SAR attracted LOPIA, a supermarket that is highly capable of attracting

customers, as an anchor tenant. LOPIA opened in November 2023 and attracts a large number of shoppers on weekdays and weekends. The supermarket has enhanced the entire facility's ability to attract customers. In addition to rental income, LOPIA will likely contribute to attracting new tenants to Suroy Mall Chikushino. In addition to the maintenance and improvement of occupancy rates of each property and the increase in revenue through cost reduction, SAR will continue to implement the above initiatives to pursue further internal growth and aim to increase cash distributions per unit.

Notes to Financial Statements

Organization

Star Asia Investment Corporation (SAR) was established as a diversified real estate investment trust on December 1, 2015, under the Act on Investment Trusts and Investment Corporations (Act No. 198 of 1951, as amended). It was listed on the Tokyo Stock Exchange Real Estate Investment Trust Section on April 20, 2016 (securities code: 3468). SAR has assigned the asset management of its portfolio to Star Asia Invest Management Co., Ltd., a financial instruments business operator under the Financial Instruments and Exchange Act (Act No. 25 of 1948, as amended), through which SAR has been executing active management, aiming to maximize the interests of unitholders and striving to expand its asset size and increase distributions per unit. The asset size as of the 16th fiscal period (January 31, 2024) is 243,871 million yen.

Basis of Presentation

SAR has prepared the financial statements attached hereto in accordance with the accounting principles generally accepted in Japan (J-GAAP). J-GAAP differs from international accounting standards in the specific details of accounting and disclosure standards.

The financial statements attached hereto are a translation of audited financial statements prepared from SAR's accounting records and submitted to the Kanto Local Finance Bureau as per the Financial Instruments and Exchange Act for domestic disclosure.

Certain notes are added to the financial statements published in Japan to facilitate the understanding for overseas readers.

SAR's fiscal periods are six months ending January 31 and July 31 every year.

Since SAR has no subsidiaries, no consolidated financial statements are prepared.

Notes on the Going Concern Assumption

Not applicable.

Notes on Matters Relating to Significant Accounting Policies

1. Evaluation standards and methods of valuation of securities

(1) Investments in other securities of subsidiaries and associates

Cost method through moving-average method

(2) Other securities

Those with market price

Fair value method or market value method (Variances are directly included in net assets.)

2. Method of depreciation of non-current assets

(1) Property, plant and equipment (including trust assets)

The straight-line method is adopted.

The useful life of primary property, plant and equipment is as follows:

Buildings 2-70 years

Structures 7-30 years

Machinery and equipment 7-17 years

Tools, furniture and fixtures 2-15 years

(2) Intangible assets (including trust assets)

The straight-line method is adopted.

Fixed-term land leasehold is amortized using the straight-line method over the remaining period.

3. Accounting for deferred assets

(1) Investment unit issuance costs

Investment unit issuance costs are amortized by the straight-line method over 3 years.

(2) Investment corporation bond issuance costs

Investment corporation bond issuance costs are amortized by the straight-line method over the period through redemption.

4. Revenue and expense recognition

(1) Accounting for fixed property tax, etc.

Accounting for fixed property tax, city planning tax, depreciable asset tax, etc. ("fixed property tax, etc.") on real estate or beneficiary interest in trust for real estate held is that the amount corresponding to the fiscal period out of the tax amount assessed and determined is expensed as expenses related to lease business.

The amount equivalent to fixed property tax, etc. in the initial fiscal year borne by SAR upon acquisition of real estate or beneficiary interest in trust for real estate is not recorded as expenses but included in the cost of acquisition of the concerned real estate, etc. In the fiscal period under review, the amount equivalent to fixed property tax, etc. included in the cost of acquisition of real estate, etc. is 63,569 thousand yen.

(2) Standards for recording revenue

The details of main performance obligations concerning revenue generated from contracts between SAR and its customers and the ordinary time to fulfil said performance obligations (ordinary time to recognize revenue) are as follows.

1) Sale of real estate

For revenue from sale of real estate, SAR records revenue when the purchaser who is a customer obtains control of the relevant real estate as a result of the seller fulfilling its delivery obligations stipulated in the transaction agreement of the real estate.

2) Utilities income

SAR records utilities income in accordance with the supply of electricity and water, etc. to the lessee who is a customer based on the lease agreement of real estate and details of agreements incidental to it.

Of the utilities income, in the case that SAR deems itself to be an agent, the net amount obtained by deducting the amount it pays to other parties from the amount it receives as charges for electricity and gas, etc. supplied by the said other parties is recognized as revenue.

5. Hedge accounting approach

(1) Hedge accounting approach

Deferral hedge accounting is adopted.

(2) Hedging instruments and hedged items

Hedging instruments: Interest rate swap transaction

Hedged items: Interest on loans

(3) Hedging policy

SAR conducts derivative transactions for the purpose of hedging the risks provided in its Articles of Incorporation pursuant to basic rules on risk management.

(4) Method of assessing the effectiveness of hedging

The effectiveness of hedging is assessed by comparing the cumulative change in cash flows of the hedging instruments with the cumulative change in cash flows of the hedged items and verifying the ratio of the amount of change in the two.

6. Scope of funds in the statement of cash flows (cash and cash equivalents)

The funds (cash and cash equivalents) in the statement of cash flows comprise cash on hand and cash in trust, demand deposits and deposits in trust, and short-term investments with a maturity of three months or less from the date of acquisition that are readily convertible to cash and that are subject to an insignificant risk of changes in value.

7. Other matters serving as the basis for preparation of financial statements

(1) Accounting for beneficiary interest in trust for real estate, etc.

Concerning beneficiary interest in trust for real estate, etc. held, all accounts of assets and liabilities within trust assets as well as all accounts of revenue and expenses from the trust assets are recognized in the relevant account item of the balance sheet and the statement of income and retained earnings.

The following material items of the trust assets recognized in the relevant account item are separately listed on the balance sheet.

- 1) Cash and deposits in trust
- 2) Buildings in trust; Structures in trust; Machinery and equipment in trust; Tools, furniture and fixtures in trust; Land in trust; Construction in progress in trust
- 3) Leasehold rights in trust
- 4) Leasehold and guarantee deposits in trust
- 5) Leasehold and guarantee deposits received in trust

(2) Accounting for consumption taxes

Non-deductible consumption tax on acquisition of assets is included in the acquisition cost of each asset.

Notes on Financial Instruments

- 1. Matters concerning status of financial instruments
 - (1) Policy for handling financial instruments

SAR shall procure funds to allocate to acquisition of real estate related assets, repayment of interest-bearing liabilities, etc. through mainly issuance of investment units, borrowing from financial institutions, issuance of investment corporation bonds, etc. Upon procuring funds through interest-bearing liabilities, due consideration shall be given to fund procurement agility and financial stability.

(2) Description of financial instruments and associated risks, and risk management system

The funds procured through loans, which shall be for the purpose of mainly acquisition of assets, are exposed to liquidity risk until the repayment date, but the concerned risks are managed by taking such measures as lengthening the procurement periods and staggering the maturities. In addition, borrowings

with floating interest rates are exposed to interest rate fluctuation risk, but derivative transactions (interest rate swap transactions) are utilized as hedging instruments to, in effect, convert interest rates to fixed rates in order to mitigate that risk. For the hedge accounting approach, hedging instruments, hedged items, hedging policy and method of assessing the effectiveness of hedging, please refer to "5. Hedge accounting approach" described under "Notes on Matters Relating to Significant Accounting Policies" earlier in this document.

(3) Supplementary explanation to matters relating to fair value, etc. of financial instruments Not applicable.

2. Matters concerning fair value, etc. of financial instruments

The carrying amount, fair value and the amount of difference between them are as follows. Because "cash and deposits," "cash and deposits in trust" and "short-term borrowings" are cash and settled in a short period of time and the fair values approximate the book values accordingly, notes on these matters are omitted.

15th fiscal period (As of July 31, 2023)

(4) Derivative transactions (*)	323,181	323,181	-

^(*) Assets and liabilities arising from derivative transactions are offset and presented in the net amount, with the balance shown in parentheses () when in a net liability position.

(Note 1) Method of calculation of the fair value of financial instruments

(1) Current portion of long-term borrowings (3) Long-term borrowings

Of these, the fair values of those with fixed interest rates are calculated by the present value obtained by discounting the total principal and interest by the rate expected when similar funds are additionally borrowed in correspondence with the remaining term. Since those with floating interest rates are under terms and conditions that interest rates be renewed every set period of time, the fair values are approximately the same as the book value, and thus such are used.

(2) Investment corporation bonds

The refence value announced by Japan Securities Dealers Association is stated.

The asset management fee for the 16th fiscal period includes the acquisition incentive portion included in the book value of individual real estate, etc. in the amount of 250,433 thousand yen and the transfer incentive portion for real estate, etc. in the amount of 31,150 thousand yen.

Notes on Asset Retirement Obligations

1. Outline of the asset retirement obligations

SAR concluded a fixed-term subleasehold agreement for the land of its asset Best Western Plus Fukuoka Tenjin-minami, and recognized asset retirement obligations in connection with the obligation to restore the site to its original condition at the end of the sublease term.

2. Method of calculating asset retirement obligations

Asset retirement obligations are calculated using the expected period of use, which is estimated at 55 years from the expiration of the fixed-term subleasehold agreement, and a discount rate of 1.925%.

3. Changes in total asset retirement obligations

(Unit: thousand yen)

15th fiscal period (From February 1, 2023 to July 31, 2023)	16th fiscal period (From August 1, 2023 to January 31, 2024)

Notes on Investments in Rental Properties

SAR owns rental real estate, etc. for the purpose of earning revenue from leasing. The carrying amount, amount of increase (decrease) during the period and fair value of these investments in rental properties are as follows:

(Unit: thousand yen)

	(Criti: triododria yori)
15th fiscal period	16th fiscal period
(From February 1, 2023	(From August 1, 2023

	(From February 1, 2023 to July 31, 2023) 194,843,394 (664,708) 194,178,685

- (Note 1) Carrying amount is the amount of the cost of acquisition, less accumulated depreciation.
- (Note 2) Of the amount of increase (decrease) in investments in rental properties during the 15th fiscal period, the amount of increase is mainly attributable to capital expenditures (787,991 thousand yen), while the amount of decrease is mainly attributable to disposition of real estate beneficiary interest in trust of a property (688,594 thousand yen) and depreciation (763,353 thousand yen). During the 16th fiscal period, the amount of increase is mainly attributable to the acquisition of real estate beneficiary interests in trust of 11 properties (49,825,623 thousand yen), capital expenditures (1,107,190 thousand yen, which includes 275,884 thousand yen for extension work), and the acquisition of leasehold interests for leased land of property held (171,477 thousand yen), while the amount of decrease is mainly attributable to the disposition of real estate beneficiary interests in trust of 2 properties (2,670,427 thousand yen) and depreciation (963,602 thousand yen).
- (Note 3) Fair value at the end of the period is the appraisal value by an outside real estate appraiser. Of the fair value at the end of the 15th fiscal period, that of Urban Park Gokokuji is based on the transfer price (1,800,000 thousand yen) stated in the trust beneficiary interest sale and purchase agreement dated March 16, 2023 and that of Urban Park Koenji is based on the transfer price (1,315,000 thousand yen) stated in the trust beneficiary interest sale and purchase agreement dated August 7, 2023.

Income (loss) from investments in rental properties is as stated in "Notes to the Statement of Income and Retained Earnings" earlier in this document.

Notes on Revenue Recognition

(2) Transaction value allocated to remaining performance obligations

Not applicable.

SAR does not include contracts whose terms are initially expected to be one year or less in the note on transaction value allocated to remaining performance obligations as an expedient in practice. Also, with regard to utilities income, as SAR has the right to receive from customers an amount directly corresponding to the value for the lessees who are customers of portions for which performance is complete by the end of the fiscal period, the amount it has the right to claim according to Paragraph 19 of the Application Guidelines of the Accounting Standard for Revenue Recognition is recognized as revenue. Accordingly, such is not included in the note on transaction value allocated to remaining performance obligations through application of the provisions of Paragraph 80-22 (2) of the Accounting Standard for Revenue Recognition.

Notes on Segment Information

1. Segment information

Segment information is omitted because SAR operates a single segment, which is the real estate leasing business.

2. Related information

15th fiscal period (from February 1, 2023 to July 31, 2023)

(1) Information about products and services

The Board of Directors Star Asia Investment Corporation

The Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Star Asia Investment Corporation (the Company), which comprise the balance sheet as at January 31, 2024, and the statements of income and retained earnings, changes in unitholders' equity, cash distributions and cash flows for the six months period then ended, and notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at January 31, 2024, and its financial performance and its cash flows for the six months period then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in Semi-Annual Report that contains audited financial statements but does not include the financial statements and our auditor's report thereon. Management is responsible for preparation and disclosure of the other information. The Supervisory Director is responsible for overseeing the Company's reporting process of the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and the Supervisory Director for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern and disclosing, as required by accounting principles generally accepted in Japan, matters related to going concern.

The Supervisory Director is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Consider internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances for our risk assessments, while the purpose of the audit of
 the financial statements is not expressing an opinion on the effectiveness of the Company's
 internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and
 events in a manner that achieves fair presentation in accordance with accounting principles
 generally accepted in Japan.

Ernst & Young ShinNihon LLC

We communicate with the Executive Director regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Executive Director with a statement that we have complied with the ethical requirements regarding independence that are relevant to our audit of the financial statements in Japan, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied to reduce threats to an acceptable level.

Fee-related Information

The fees for the audits of the financial statements of Star Asia Investment Corporation and other services provided by us and other EY member firms for the six months period ended January 31, 2024 are 15 million yen and 11 million yen, respectively.
