Notice Concerning the Additional Acquisition of Trust Beneficial Interest in Domestic Real Estate
following Completion of Construction of Building Extensions and
Notice of Acquisition of Building-Housing Energy-efficiency Labeling System (BELS) Certificatoin
(Funabashi Hi-tech Park Factory I)

Star Asia Investment Corporation ("SAR"), given completion of construction of the building extension portions of "Funabashi Hi-tech Park Factory I" which is an asset under its management (hereinafter referred to as the "Property"), has today additionally acquired the building extensions (hereinafter referred to as the "Additional Extensions") which were announced in the press release dated March 16, 2023 "Notice Concerning Signing of Building Lease Option Agreement Presupposing Extension of the Building (Funabashi Hi-tech Park Factory I)" and the press release dated April 26, 2023 "Notice Concerning Signing of Construction Contract for Building Extension (Funabashi Hi-tech Park Factory I)" (hereinafter referred to as "Building Extension (1)", and the portion to be additionally acquired by "Building Extension (1)" is referred to as "Building Extension Portion (1)."), and in the press release dated July 25, 2023 "Notice Concerning Signing of Construction Contract for Building Extension (2) (Funabashi Hi-tech Park Factory I)" (hereinafter referred to as "Building Extension (2)", the portion to be additionally acquired by "Building Extension (2)" is referred to as "Building Extension Portion (2).") and together with Building Extension (1) shall collectively be referred to as the "Building Extension", the portion to be additionally acquired by "Building Extension Portion (1)(2)" is referred to as "Building Extension Portion".

Furthermore, SAR has acquired Building-Housing Energy-efficiency Labeling System ("BELS") certification with respect to Building Extension Portion (1). Details are described below.

1. The Purpose and Reason for the Building Extension

As a part of active management aiming to maximize unitholders' interests and with the aim to improve profitability of the portfolio, SAR is considering multiple options for each of the assets held such as redevelopment, building extension, and asset replacement etc.

Concerning the Property, while possibilities for internal growth by utilizing unused floor area were considered and verified, a request was received from the current tenant to extend the building in order to enhance capacity. The Asset Manager confirmed the current tenant's specific request for the building extension and calculated the cost for building extension based on such request, negotiated post-extension lease conditions with the current tenant, and considered the profitability of the property after the building extension, and was able to confirm that the profitability of the Property would be improved by effectively utilizing unused floor area by implementing the building extension, and therefore the Building Extension was implemented.

Given the recent completion of construction for the Building Extension Portion, acquisition of such Building Extension was consummated.

The key points of the Building Extension are as follows.

(1)	Revenue improvement measure for a long-term span Contribute to increase in revenues, as rents will arise for the extended building portion. Also, by providing for a non-cancellable period for the 10-year ordinary lease will contribute to long-term stable revenues.
(2)	Effective use of unused floor area under floor area ratio restrictions Increase NOI and significant increase of appraisal value by effective use of unused floor area.
(3)	Rent revenues will continue to be received during the construction period During the construction period, the current lease agreement will continue to be in effect, and there is no downtime for rent revenues.

(Note 1) Pertains only to the Building Extension (1) portion (gross floor area of 576.00 ㎡).

9. Overview of BELS

Under the Act on the Improvement of Energy Consumption Performance of Buildings ("Building Energy Efficiency Act"), real estate business operators are required to make efforts to display the energy-saving performance of buildings. BELS is a system in which third-party institutions evaluate the energy-saving performance of buildings based on the evaluation standards set by the Ministry of Land, Infrastructure, Transport and Tourism, and the certification rating is given on a five-star scale (★ to ★★★★★).

For details of BELS, please refer to the following website.

Website on BELS: <https://www.hyoukakyokai.or.jp/bels/bels.html>

10. Future Outlook

The Building Extension is included in the assumptions underlying management status forecast announced in the "Financial Report for Fiscal Period Ended July 31, 2023" dated September 13, 2023, and thus there are no revisions to the management status forecasts for the fiscal period ending January 31, 2024 (August 1, 2023 to January 31, 2024) and for the fiscal period ending July 31, 2024 (February 1, 2024 to July 31, 2024).

11. Other matters necessary for investors to appropriately understand the relevant information and make decisions

Concerning the risks related to the Building Extension, there are no changes to the contents described in "Part I: Fund Information / Section 1 - Status of the Fund / 3. Investment Risks" of the Securities Report submitted on October 28, 2023.

(Note 1) "Location" indicates the minimum independent administrative district of which each asset held by SAR as of today (the "Existing Assets (real estate, etc.)") and Asset to be Acquired is located except for mezzanine loan debt and silent partner equity interest described in the <Other Assets> below.

(Note 2) "Acquisition price", with respect to each asset already acquired (real estate properties etc.) other than "Minami-Azabu Shibuya Building" and "Higashi Kobe Center Building", is the purchase price stated in the respective sale and purchase agreement. The sales price does not include any consumption tax, local consumption tax, and expenses required for the acquisition. However, with respect to "Minami-Azabu Shibuya Building", as it is a sale and purchase agreement for multiple real estate properties where the price has not been set for each individual property, the stated "acquisition price" is the amount calculated by taking the aggregate purchase price of the multiple properties, and pro-rating such amount based on the ratio of the appraisal value amounts at the time of acquisition of the properties. With respect to "Higashi Kobe Center Building" which includes the Acquired Asset, the total amount of the sales price stated in the respective agreements with Seller has been stated. Furthermore, regarding properties which were inherited due to merger, the amounts stated in the real estate appraisal reports with the valuation date as of July 31, 2020 which is the acceptance value have been stated. Regarding the Property which includes the Building Extension Portion, the Acquisition price states the construction costs for the Building Extension.

(Note 3) Real estate appraisals are outsourced to the Japan Real Estate Institute (JREI), Daiwa Real Estate Appraisal Co., Ltd, and the Tanizawa Sogo Appraisal Co., Ltd. Concerning "Real estate appraisal value", for already acquired assets (real estate properties etc.) the appraisal values stated in the real estate valuation reports with valuation dates as of July 31, 2023 are stated, and with respect to the property decided to be acquired as announced in the press release dated August 7, 2023 entitled "Notice Concerning Acquisition and Lease Contract with New Tenants, and Transfer, of Real Estate Beneficiary Interests in Trust", the appraisal value amount stated in the real estate appraisal report with the valuation date of July 1, 2023 is stated. Regarding the Acquired Asset, the normal price for the complete real estate (full ownership) which has been calculated in order to calculate the appraisal value within the real estate appraisal report with the valuation date being October 31, 2023 is stated. All such amounts have been rounded down to the stated unit amount. Regarding the Property which includes the Building Extension Portion, the full appraisal value amount stated in the real estate appraisal report with the valuation date of December 15, 2023 has been stated rounded down to the stated unit amount.

(Note 4) "Investment ratio" is the ratio of acquisition price for each Existing Asset (real estate, etc.) / Acquired Asset to

the total of acquisition prices of each Existing Asset (real estate, etc.) / Acquired Asset each rounded to the first decimal place.

Appendix 3 The terms used in the table of General Description of Acquired Asset

a. Explanation on "Property no."

Property Number column and Type column: Each Acquired Asset by SAR is categorized by use as OFC (office), RTL (commercial / retail), RSC (residential), LGC (logistics), or HTL (hotel). Then, for each category, serial numbers are given to the assets in the category. In case of a property which could straddle two or more categories, it shall fall under the category from which the property generates the largest sum of assumed rent income.

b. Explanation on "Overview of specified asset"

(a) "Acquisition Date" column: Herein is shown the date (MMDDYY) of acquisition by SAR.

(b) "Location" column: Herein is shown the certified address in registry. "Indication of residential address" column: Herein is shown the postal address. If postal address is not available, registered address of the property (if there are two or more of them, one is selected) is shown.

(c) "Land" and "Building" column:

(i) "Type of ownership" column: Herein is shown the type of right(s) held by respective trustee of the Acquired Asset.

(ii) "Site area" column: Herein is shown the land area as recorded in registry, unless otherwise noted. For this reason, it possibly might not be equal to the actual.

(iii) "Use district" column: Herein is shown the type of use in accordance with Article 8, Paragraph 1 and Item 1 of the Urban Planning Act (Act No.100 of 1968; including its amendments) ("Urban Planning Act").

(iv) "Building coverage ratio" column and "Floor area ratio" column: Herein is shown the pertinent figure in each column in accordance with the relevant laws and regulations (the Building Standards Act, the Urban Planning Act, etc.).

(v) "Use", "Timing of construction" and "Structure/no. of stories" column:

This information is based on the indications on the registry, except for the Building Extension.
