    (3) Sellers : Please refer to "4. Seller Profile" below.
    (4) Acquisition financing : Proceeds from the issuance of new investment units through public offering (Primary offering) for which resolution was made at the Board of Directors meeting of SAR held on January 12, 2018, new borrowings and cash on hand<sup>(Note 5)</sup>.
  - (5) Settlement method : Payment of entire amount on planned acquisition date.
- (Note 4) For Nihonbashi Hamacho Park Building, on January 12, 2018, SAR executed an agreement on transfer of contractual status in which Star Asia Capital Japan Godo Kaisha ("SACJ Godo Kaisha") agreed to transfer its status as a purchaser under the trust beneficial interest sale and purchase agreement for the property to SAR. Such transfer of contractual status to SAR is scheduled to take place on February 2, 2018 subject to the condition precedent that SAR will have obtained financing. Additionally, SAR plans to pay 1 million yen (exclusive of consumption tax) to SACJ Godo Kaisha on the Planned Acquisition Date as a consideration for such transfer of contractual status.
- (Note 5) Please refer to "Notice Concerning Issuance of New Investment Units and Secondary Offering of Investment Units" announced today for details.
- 2. Reason for the Acquisition and Leasing

SAR holds the investment policy of "prioritized focused investment in the Tokyo metropolitan area", "continue 'income stability' and 'growth' through diversification of asset types", "investment primarily in middle-sized assets", and "Strategic investment in large-size assets exclusively in 5 central wards of Tokyo (Note)". In line with this policy, SAR is aiming to realize a steady growth as a diversified REIT.

Through the Transactions, SAR aims to expand the asset size and diversify risks through the increase in the number of properties held, as well as mainly to ensure the stability and growth in medium to long-term profitability. Shown below are key reasons for the investment decision for each of the selected assets.

Furthermore, the tenants of the assets to be acquired satisfy the criteria for the selection of tenants stated in the "Report on the Management Structure and System of the Issuer of Real Estate Investment Trust Units and Related Parties" set by the Asset Manager on October 31, 2017.

(Note) 5 central wards of Tokyo means Chiyoda-ku, Chuo-ku, Minato-ku, Shinjuku-ku and Shibuya-ku.

Note: This press release does not in any way constitute any part of an offering of securities for investment. This press release has been prepared for the purpose of announcing to the public certain matters relating to the acquisition of real estate beneficiary interests in trust and lease contract with new tennants, and not for the purpose of soliciting any investment, within or outside of Japan. Additionally, this press release is not an offer of securities for sale in the United States. The securities referred to herein have not been, and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") and may not be offered or sold in the United States absent registration or an exemption from registration under the Securities Act. No offering or sale of securities in the United States will be made in connection with the above-mentioned transactions. This press release is not for publication, distribution or release, directly or indirectly in or into the United States of America.

Hamacho Station and approx. 5-minute walk from Bakuro-yokoyama Station of Toei Shinjuku Line, and is also located approx. 5-minute walk from Higashi-nihonbashi Station of Toei Asakusa Line and Ningyocho Station of both Toei Asakusa Line and Tokyo Metro Hibiya Line.

Nihonbashi Hamacho area, where the property is located, has good access to the major business areas in Central Tokyo and is convenient for commuters as they have many route options for commuting by trains. It is also an area of high concentration of offices where various major companies establish their headquarters. Thus, it has a high appeal to various types and sizes of companies. In addition, the area is expected to further develop into a mixed-up area with features not only of office district but also residential and sightseeing district.

In terms of the physical features, the property should satisfy the standards necessary for general tenants with its rich, tiled exterior as well as individual air-conditioning units, raised floors, etc.

SAR decided to acquire the property through a negotiated transaction through a unique network of the Asset Manager after determining that the acquisition would contribute to the stability of medium to long-term revenue and enhancement of the stability of the portfolio revenue as a result of comprehensive consideration on the characteristics of the location and property.

# [Residence]

# (2) Urban Park Ryokuchi Koen

Urban Park Ryokuchi Koen is a family type residential property, approx. 6-minute walk from Ryokuchi-Koen Station of Kita-Osaka Kyuko Namboku Line ("Namboku Line").

It is located in the Ryokuchi-Koen area, which is highly convenient for commuting with direct access to major areas in Osaka (Shin-osaka, Umeda, Shinsaibashi, Namba, etc.) thanks to through-service between Namboku Line and Osaka Municipal Subway Midosuji Line, as well as good access to shinkansen (Shin-Osaka Station) and air transportation (Itami Airport). The area is a popular residential district, especially among family households, as it has an environment with abundant greenery, including Hattori Ryokuchi-koen and belongs to the region called Hokusetsu area having one of the highest education standards in Osaka.

In terms of physical features, some dwelling units were renovated and items of internal equipment are maintained at a certain grade.

As a result of comprehensive consideration on the characteristics of the location and property, SAR decided to acquire the property by using the Sponsor support after determining that the acquisition would contribute to the stability of medium to long-term revenue and enhancement of the stability of the portfolio revenue.

# (3) Urban Park Koenji

Urban Park Koenji is a single-person residential property, approx. 4-minute walk from Koenji Station on

### JR Chuo Line.

It is located in the Koenji area and has an excellent access to major areas such as Shinjuku in Central Tokyo by taking JR Chuo Line and Soubu Line, and Tokyo Metro Tozai Line. As there are many shopping streets, full of shops including inexpensive supermarkets, restaurants, and Japanese taverns in front of Koenji Station, people could enjoy high convenience of living. The area is also known as the epicenter of Koenji's unique cultures through places such as cafes, second-hand clothing shops, and music clubs, so it is a popular residential district, especially among single-person households of young working adults and students.

In terms of physical features, the property maintains a certain level of grade for items of internal equipment as well as with the tiled facade.

SAR decided to acquire the property by utilizing the warehousing function of the Sponsor Group after determining that the acquisition would contribute to the stability of medium to long-term revenue and enhancement of the stability of the portfolio revenue as a result of comprehensive consideration on the characteristics of the location and property.

3. Description of Assets to be Acquired and Leased

Please refer to Table (1) – Table (6) below, for the detail of each of the assets to be acquired. For the terms used in the tables, please refer to below.

# a. Explanation on "Property no." and "Type"

Property Number column and Type column: Each asset to be acquired by SAR is categorized by use as OFC (office), RTL (commercial), RSC (residential), LGC (logistics), or HTL (hotel). Then, for each category, serial numbers are given to the assets in the category. In case of a property which could straddle two or more categories, it shall fall under the category from which the property generates the largest sum of assumed rent income.

b. Explanation on "Overview of specified asset"

(a) "Planned Acquisition price" column: Herein is shown the acquisition price of the Assets to be Acquired as described in the purchase agreement of the Assets to be Acquired (excluding consumption taxes, local consumption taxes, and expenses necessary for the acquisition), after rounded to the nearest million yen.

(b) "Planned Acquisition Date" column: Herein is shown the planned MMDDYY of acquisition by SAR.

(c) "Location" column: Herein is shown the certified address in registry. "Address column": Herein is shown the postal address. If postal address is not available, registered address of the property (if there are two or more of them, one is selected) is shown.

(d) "Land" column:

(i) "Type of ownership" column: Herein is shown the type of right(s) held by respective trustee of the assets to be acquired.

(ii) "Site area" column: Herein is shown the land area as recorded in registry, unless otherwise noted. For this reason, it possibly might not be equal to the actual.

(iii) "Use district" column: Herein is shown the type of use in accordance with Article 8, paragraph 1, item 1 of the Urban Planning Act (Act No.100 of 1968; including its amendments)("Urban Planning Act").

(iv) "Building coverage ratio" column and "Floor area ratio" column: Herein is shown the pertinent figure in each column in accordance with the relevant laws and regulations (the Building Standards Act, the Urban Planning Act, etc.).

(e) "Building" column:

(i) "Type of ownership" column: Herein is shown the type of right(s) held by respective trustee of the assets to be acquired.

(ii) "Total floor area" column: Herein is shown the sum total of floor areas as recorded in registry, unless otherwise noted. For this reason, it possibly might not be equal to the actual figure.

(iii) "Use" column: Herein is shown the registered use or, if multiple uses are registered the representative use from what are recorded in registry, it possibly might not be equal to the actual representative use. As for the building with compartmentalized ownership, the type of use for the exclusively owned space by SAR is shown.

(iv) "Construction completion" column: Herein is shown MMDDYY of the representative building first built as recorded in registry.

(v) "Structure and floors" column: Herein is shown the structure of the representative building, etc. as recorded in registry. It possibly might not be equal to the actual structure. As for the building with compartmentalized ownership, the structure and the number of floors for the entire building is shown.

(f) "Property management company" column: Herein is shown the name of the property management company ("PM Company"), to which property management operation is planned to be entrusted.

(g) "Master lease company" column: Herein is shown the name of the master lease company, to which master lease operation is planned to be entrusted, as of today.

c. Explanation on "Status of leasing"

(a) "Total leasable area" column: Herein is shown the sum total of leasable floor areas of buildings of the assets to be acquired (in case common space is also leased, area of that space is included in the total).

The figure does not include the area of the land lots leasable for parking and other purposes. Leasable area is counted not from registry data but from area data as described in lease agreements or from area data as calculated by using the architectural drawings of the buildings, so it possibly might not be equal to the total floor area as recorded in registry. Please note that the source data for the column represent what were provided by the current owner(s) of the assets to be acquired as of October 31, 2017.

(b) "Total leased area" column: Herein is shown the sum total of the floor areas to be leased as described in lease agreement for each of the assets to be acquired as of October 31, 2017 out of the leasable area. The figure does not include the area of the land lots to be leased for parking and other purposes. Please note that the source data for the column represent what were provided by the current owner(s) of the assets to be acquired as of October 31, 2017.

(c) "Occupancy rate" column: Herein is shown the percentage of total floor area leased over the total leasable floor area of the assets to be acquired, after rounded to the first decimal place. Please note that the source data for the column represent what were provided by the current owner(s) of the assets to be acquired as of October 31, 2017.

(d) "Total number of tenants" column: Herein is shown the total number of tenants as confirmed with the lease agreements effective as of October 31, 2017 of the assets to be acquired. In case a specific tenant uses two or more rooms in one of the assets to be acquired, such tenant is counted only once for the asset. Also, in case a specific tenant signs lease agreements for rooms in two or more assets, the tenant shall be counted for each of the assets separately. In case a pass-through type of master lease agreement (a lease agreement in which the master lessee receives rent from end tenants and pay the same amount to the lessor) is executed for any of the assets to be acquired, total number of the actual tenants under the master lease agreement for the asset is shown herein.

(e) "Monthly rent (including common area maintenance fee)" column: Herein is shown the total of rent amounts as described in lease agreements with respective tenants as of October 31, 2017 (confined to room rents; excluding the charges for warehouses, sign boards and parking lots; but including the common service expenses; and free rent cases as of the same date are not considered), after rounded to the nearest thousand yen.

(f) "Security and guarantee deposits" column: Herein is shown the sum total of refundable deposits as required in lease agreements effective as of October 31, 2017 (only for the tenants who actually were in respective rooms at the time) of the assets to be acquired. In case master lease agreement is executed for any of the assets to be acquired, sum total of refundable deposits as described in the individual lease agreements with respective tenants is calculated to be shown in the column.

d. Explanation on "Special notations"

Special notation column: Herein is shown a description not only on the items considered material in relation to the involved rights and assumed uses but also on the appraisal value of, profitability of , and the other items considered material in relation to the disposability of the assets to be acquired.

e. Explanation on "Summary of real estate appraisal report"

(a) "Summary of real estate appraisal report" column: Herein is shown a summary of respective appraisal report, which was prepared either by Daiwa Real Estate Appraisal Co., Ltd., Japan Real Estate Institute, or The Tanizawa Sogo Appraisal Co., Ltd. for the assets to be acquired.

(b) "Appraisal value" column: Herein is shown only the opinions on the value of respective property as of the date of appraisal, expressed by the appraiser who did the appraisal of the property, in accordance with the Act on Real Estate Appraisal (Act No.152 of 1963; including its amendments) and commonly

Note: This press release does not in any way constitute any part of an offering of securities for investment. This press release has been prepared for the purpose of announcing to the public certain matters relating to the acquisition of real estate beneficiary interests in trust and lease contract with new tennants, and not for the purpose of soliciting any investment, within or outside of Japan. Additionally, this press release is not an offer of securities for sale in the United States. The securities referred to herein have not been, and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act") and may not be offered or sold in the United States absent registration or an exemption from registration under the Securities Act. No offering or sale of securities in the United States will be made in connection with the above-mentioned transactions. This press release is not for publication, distribution or release, directly or indirectly in or into the United States of America.

accepted appraisal standards for real estate properties, etc.

(c) In case appraisal is once again undertaken for the same property, its result could be different from the previous result because appraiser and/or appraisal method and/or appraisal timing is different. Also, it is requested to note that any appraisal result for any property is not what guarantees or promises the actual tradability of the property at the appraised value whether for right now or for any moment in the future.

(d) Any one of Daiwa Real Estate Appraisal Co., Ltd., Japan Real Estate Institute, or The Tanizawa Sogo Appraisal Co., Ltd. who conducted appraisal is an interested party of neither SAR nor the Asset Manager.

f. Explanation on "Property information and acquisition highlight based on the survey by the Asset Manager"

Herein is shown a description on the basic features and characteristics of each of the assets to be acquired as prepared by the Asset Manager from the appraisal report, market reports and from their own research, as well as a description on the background of its acquisition (if it is an acquisition from Sponsor Group, background story on the acquisition by the group is described; and if it is an acquisition from the Asset Manager's own origination, background story on the sourcing is described). "<sponsor fund>" means an acquisition from the Sponsor Group, "<negotiated transaction>" means an acquisition from a third party on a negotiation basis, and "<warehousing>" means an acquisition utilizing the warehousing function of the Sponsor Group, respectively.

g. Explanation on "Demographic analysis etc., market analysis and independent analysis by the Asset Manager"

Herein is shown the result of the Asset Manager's own market analysis based on the information from various real estate-specialized information providers and other publicly available information.

h. Explanation on "Comprehensive evaluation by SAR"
 Herein is shown SAR's independent comprehensive evaluation based on f. and g. above.

### (1) Nihonbashi Hamacho Park Building

(Note 1) The information is undisclosed as consent to disclosure has not been obtained from the seller.

(Note 2) This building is in the form of compartmentalized ownership. The land on which the building is located (773.91m<sup>2</sup>) consists of (i) the portion subject to the right of site registered in the building registry (546.07m<sup>2</sup>) and (ii) the portion individually owned by the other unit owners (227.84m<sup>2</sup>). As such, the site area is calculated by multiplying (a) the registered area of the portion of the land referred to in (i) (546.07m<sup>2</sup>) by (b) the ratio of the right of site to the building subject to acquisition (31,904/54,607). As for the portion of the land referred to in (ii), the right of use has been established pursuant to the bylaws for the building.

(Note 3) Since this building is in the form of compartmentalized ownership, the total floor area is calculated by multiplying (a) the total floor area of the entire building (5,434.30m<sup>2</sup> (registered area of the whole building)) by (b) the ratio of the

area of the exclusive element of the subject to acquisition (43.87%), after rounded to the second decimal place.

- (Note 4) While this building is in the form of compartmentalized ownership, the structure and the number of floors are indicated as those of an entire building structure. The floors subject to acquisition are the four floors from the fifth floor to the eighth floor of the building.
- (Note 5) On January 12, 2018, SAR executed an agreement on transfer of contractual status in which SACJ Godo Kaisha agreed to transfer its status as a purchaser under the trust beneficial interest sale and purchase agreement for the property to SAR. Under such agreement, SAR agreed to pay one million yen to SACJ Godo Kaisha as a consideration for such transfer of contractual status.

#### (3) Independent analysis by the Asset Manager (Growth potential of Nihonbashi Hamacho area)

In Nihonbashi Hamacho area, there are many traditional, established stores such as wholesalers of kimono fabrics and clothing, and historic buildings and streetscapes such as Meijiza, a theater opened in 1893, and Amazake Yokocho, an alley said to have existed since the early Meiji Era (around 1870).

On the other hand, facilities such as "Hama House" and "HAMA 1961," which facilitate interactions among local residents, office workers, and tourists, were newly built in this area, and it is expected to further develop into a mixed-up area with features not only of business district but also of residential and sightseeing areas.

# Comprehensive evaluation by SAR: Evaluation of income stability and growth

For the following reasons, SAR believes the property can gain stable revenue over the medium to long-term and can also expect income growth from increased rent, etc. into the future.

- (1) Located in the Nihonbashi Hamacho area with a good access to the major business areas in Central Tokyo and many train-route options.
- (2) Has a high appeal to various types and sizes of companies as the area has a high concentration of offices where many major companies establish their headquarters.
- (3) Expected to further develop into a mixed-up area with features not only of business district but also of residential and sightseeing areas.

### Property information and acquisition highlight based on the survey by the Asset Manager

- (1) Property information
- Single type residential property, approx. 4-minute walk from Koenji Station on JR Chuo Line.
- An excellent access to the major areas in Central Tokyo such as Shinjuku.
- Has a high convenience of living as there are many shopping streets, full of shops including inexpensive supermarkets and restaurants in front of the station, and has the popularity as the area is also known as the epicenter of Koenji's unique cultures through places such as cafes, second-hand clothing shops, and music clubs.
- Has a high appeal to single-person households of young working adults and students as the property maintains a certain level of grade for items of internal equipment as well as with the tiled facade.
- (2) Acquisition highlight

The property will be acquired through a negotiated transaction by using property information obtained from a unique network of the Asset Manager (utilizing the warehousing function of the Sponsor Group) (<warehousing>).

#### Demographic analysis etc., market analysis and independent analysis by the Asset Manager

(1) Demographic analysis etc. Both population and number of households in the Koenji area (Koenji-kita, Koenji-minami) have shown an upward trend, supported by an excellent access to the major areas in Tokyo. Therefore the Asset Manager believes these numbers will remain stable and steady.

- Overall rent has been mostly flat since 2012 as shown in the below figure of transition of rent index.
- Also as shown in the below figure, vacancy rate has generally remained stable between 1% and 4% despite small fluctuations.

### Comprehensive evaluation by SAR: Evaluation of income stability and growth

For the following reasons, SAR believes the Property can gain stable revenue over the medium to long-term and can also expect income growth from increased rent, etc. into the future.

- (1) Located in the Koenji area with an excellent access to the major areas in Tokyo.
- (2) Has a high appeal, especially to single-person households of young working adults and students, thanks to the high concentration of shopping streets, inexpensive supermarkets, restaurants, Japanese taverns, etc.
- (3) The epicenter of Koenji's unique cultures through places such as cafes, second-hand clothing shops, and music clubs and popular as a residential area.

### (2) Acquisition highlight

The property, which is owned by the Sponsor Group through an acquisition executed in a form of a negotiated transaction using the wide range of business relations, will be acquired by SAR utilizing the Sponsor support (<sponsor fund>).

# (2) Market analysis The asking rent index of logistics properties located in Chiba prefecture (medium and large sized properties) and the Chiba bay area had remained flat in spite of small fluctuations. As it is estimated that the trend of actual rent has been running parallel to that of the asking rent index, the Asset Manager believes that the index is expected to remain stable and steady for years to come. 募集賃料指数 (千葉県 中大型) (平成17年=100) (変動率) 140 15.0% 120 10.0% 100 5.0% BD 0.0% 60 -5.0% 40 10.0% 20 0 -15.0% 平成17 平成18 平成19 平成20 平成21 平成22 平成23 平成24 平成25 平成26 平成27 平成28 平成29 平成29 平成29 年 毎 崔 隹 隹 年 每 年 年 年 隹 **年Q1** 年Q2 每Q3 - 高集資料指数 \*Source: CBRE \*Note: The asking rent index (Chiba prefecture, medium and large sized properties) represents the index of the asking rent for each year (for 2017, every quarter until the end of September), with the asking rent of the logistics properties with total lease floor area of 1,000 tsubo or more per building which are located in Chiba prefecture, setting asking rent of 2005 at 100. (3) Independent analysis by the Asset Manager

- An excellent access to Central Tokyo because of its location at approx. 2.0km to the southeast of the Wangan-Ichikawa IC of the Tokan-do and within a radius of approx. 30km from Tokyo Station. In addition, the connection to the Tokan-do ensures an easy access to Chiba and Ibaraki area as well as to both Haneda and Narita Airports. This is an advantage that allows it to meet the needs of airfreight logistics.
- Has a high appeal to potential tenants in terms of attracting employees, thinking of its location at approx.1.4km from the nearest Futamata-shimmachi Station on JR Keiyo Line.
- The construction of the Gaikan-do has been going smoothly, and the section between Misato and Koya, which is expected to be opened to traffic in June 2018, offers a straight link to the Tokan-do so that ensures much better access to Saitama area, as well as wide coverage of consumption areas.

\*Source: Bureau of Urban Development, Tokyo Metropolitan Government

 The ban on the internet-based distribution of non-prescription drugs was lifted by enforcement of the revisions to the Pharmaceutical Affairs Law in June 2014, etc. Accordingly, it is estimated that the demand of buying non-prescription drugs through e-commerce sites will continue to grow, according to" the report of Ministry of Economy, Trade and Industry (METI). As consignors at Funabashi Nishiura Logistics I are mostly the e-commerce operators dealing in pharmaceutical or medical products, the use of the property on a long-term basis is expected.

#### Comprehensive evaluation by SAR: Evaluation of income stability

For the following reasons, SAR believes the property can gain stable revenue over the medium to long-term.

- (1) Located in Chiba bay area where logistics facilities are concentrated. Along with the location at approx. 1.4km from the nearest station, the property is expected to highly appealing to potential clients in terms of attracting employee.
- (2) In addition to the access to Central Tokyo, the location allows access to wide range of Tokyo area by partial opening of the Gaikan Expressway.
- (3) Features highly versatile in terms of specifications such as floor height and pillar span.

#### Property information and acquisition highlight based on the survey by the Asset Manager

- (1) Property information
- Located approx. 1.7km to the east of the Wangan-Ichikawa IC of the Tokan-do and approx. 4.5km northeast of the Chidoricho IC of the Shutoko.
- An excellent access to Central Tokyo as well as to each consumption area in Chiba that offer flexibility to EC demands.
- Located at approx. 1.1km to Futamata-shimmachi Station on JR Keiyo Line offers a great convenience to attract employees.
- A highly versatile property that features four freight elevators, a floor height of approx. 6.0m 7.0m, and a pillar span of approx. 7.2m 8.7m
- -

### (2) Acquisition highlight

The property, which is owned by the Sponsor Group through an acquisition executed in a form of a negotiated transaction using the wide range of business relations, will be acquired by SAR utilizing the Sponsor support (<sponsor fund>).

### Demographic analysis etc., market analysis and independent analysis by the Asset Manager.

- Demographic analysis etc. (Analyses of E-commerce and 3PL (third party logistics) markets) Same as Funabashi Nishiura Logistics I
- (2) Market analysis

Same as Funabashi Nishiura Logistics I

- (3) Independent analysis by the Asset Manager
- An excellent access to Central Tokyo because of its location at approx. 2.0km to the southeast of the Wangan-Ichikawa IC of the Tokan-do and within a radius of approx. 30km from Tokyo Station. In addition, the connection to the Tokan-do ensures an easy access to Chiba and Ibaraki area as well as to both Haneda and Narita Airports. This is an advantage that allows it to meet the needs of airfreight logistics.
- Has a high appeal to potential tenants in terms of attracting employees, thinking of its location at approx. 1.1km from the nearest Futamata-shimmachi Station on JR Keiyo Line.
- The construction of the Gaikan-do has been going smoothly, and the section between Misato and Koya, which is expected to be opened to traffic in June 2018, offers a straight link to the Tokan-do so that ensures much better access to Saitama area, as well as wide coverage of consumption areas across Kanto area.

#### Comprehensive evaluation by SAR: Evaluation of income stability

For the following reasons, SAR believes the property can gain stable revenue over the medium to long-term.

- (1) Located in Chiba bay area where logistics facilities are concentrated. Along with the location at approx.1.1kmto the nearest station, the Property is expected to highly appealing to potential clients in terms of attracting employee.
- (2) In addition to the access to Central Tokyo, the location allows access to wide range of Tokyo by partial opening of the Gaikan Expressway.
- (3) Features highly versatile in terms of specifications such as floor height and pillar span.

(Note 1) "Location" indicates the minimum independent administrative district of which each asset held by SAR as of today (the "Existing Assets (real estate, etc.)") and assets to be acquired is located except for mezzanine loan debt described in the <Mezzanine> below.

- (Note 2) "Acquisition price" indicates, except for Minami-Azabu Shibuya Building, the sale and purchase price stated in each sale and purchase contract for Existing Assets (real estate, etc.), and "planned acquisition price" indicates the planned sale and purchase price stated in the sale and purchase agreement for assets to be acquired, rounded to the nearest million yen. The sale and purchase price or the planned sale and purchase price does not include consumption tax, local consumption tax and various expenses required for the acquisition. As to Minami-Azabu Shibuya Building, since price for each property is not set in the sale and purchase agreement, the total sale and purchase price of the property is divided proportionally based on the ratio of appraisal value of the property at the time of acquisition and indicated as "(planned) acquisition price."
- (Note 3) Appraisals are entrusted to Daiwa Real Estate Appraisal Co., Ltd., Japan Real Estate Institute and The Tanizawa Sogo Appraisal Co., Ltd., and "real estate appraisal values" is the opinions of value stated in the real estate appraisal report with July 31, 2017 as the date of valuation for Existing Assets (real estate, etc.), November 1, 2017 as the date of valuation for assets to be acquired, each rounded to the nearest million yen.
- (Note 4) "Investment ratio" is the ratio of (planned) acquisition price for each Existing Assets (real estate, etc.) /assets to be acquired to the total of (planned) acquisition prices of each Existing Assets (real estate, etc.) /assets to be acquired.
